Bachelor of Science in Applied Child Development (A202)

Admissions Talk (September 2020)
The BSc (Applied Child Development) [(ACD)] programme is a two-year top-up degree for holders of Higher Diplomas or Associate Degrees in the field of Early Childhood Education to upgrade their academic qualifications.

Successful applicants shall be admitted directly to Year 3 (i.e. there is no Year 1 or Year 2 admission).
Special Features

- The BSc (ACD) programme

  - provides students with a strong foundation in the knowledge, skills and attitude required for working with a wide diversity of children and families.

  - allows students to gain insights into the theories of child development and acquire deep understanding of the interrelationships among theory, research, practice and policy.
Professional Recognition

Graduates of the BSc(ACD) programme will:

(i) be eligible for registration as Child Care Workers and Child Care Supervisors under the Child Care Services Regulations;

(ii) be considered to have met the required BEd(ECE) requirement for new KG principal appointment*.

* Based on EDB’s official document, “Professional Upgrading for Newly-appointed Kindergarten Principals”, a locally recognised Bachelor Degree / higher degree plus a locally recognised Postgraduate Diploma in Early Childhood Education [PGDE(ECE)] or C(ECE) qualification can be considered to have met the required BEd(ECE) requirement for new KG principal appointment.
Programme Structure (120 credits)

- Major in Applied Child Development: 84 credits
- Language Enhancement: 6 credits
- Common Core: 12 credits
- Electives: 18 credits
Programme Structure

- Major in Applied Child Development (84 credits)
  - ACD core courses (60 credits)
  - ACD elective courses (12 credits)
  - Field Experience (6 credits)
  - Independent Project (6 credits)
ACD Core Courses

• The programme offers courses that cover a variety of topics including:
  – Perspectives on Early Childhood Development and Learning
  – Cognitive and Language Development
  – Social and Emotional Development
  – Physical Development
  – Introduction to Research Methods
  – Observation and Assessment of Children and Early Childhood Programmes
  – Development and Education of Young Children with Special Needs
