Why BSc(IM)?

- a UGC-funded programme which targets the fastest growing sector of the modern economy, namely the “information sector”;
- accredited by CILIP, an organization for the information, knowledge management and library profession;
- teaching staff with years of local & international teaching & industry experience in information studies;
- opportunities to interact with expert practitioners as well as alumni;
- academic exchange opportunities;
- scholarship & bursaries available.

Why BSc(IM) so special?

- First such degree programme offered by a local university
- Programme tailored to unique needs of HK information industry
- Acts both as a first professional qualification & a stepping-stone to further education

What did students/ graduates say?

Betty Cheuk, current student

It was an amazing experience to study in this two-year BSc(IM) programme. The programme provides both theoretical and practical knowledge. The teachers are responsive and experts in different fields. Their valuable experiences helped a lot in my summer internship. We were given chances to work in different organizations to equip us with soft skills for working in a real-life situation. The summer internship has played a crucial role in paving my career path.

What did students/ graduates say?

Marcus Lung, current student

I chose BSc(IM) primarily because I have had a strong interest in pursuing my career in the IT industry. This programme not only equips me with a solid foundation of knowledge in the field of information management, but also helps me redefine and better pursue my career objectives.

What did students/ graduates say?

Kary Hui, graduate

The BSc(IM) programme makes me who I am today. It not only developed my professional knowledge in the field of information management, but also gave me the opportunity to explore the workplace as well as the world through internship and exchange studies. I am grateful for being one of the BSc(IM) graduates!
